OWM5

## OWM Series. The Ultimate in Versatility.

If you're looking for the ultimate speakers when it comes to versatility, look no further than the OWM Series. Comprised of the OWM5 L/C/R and OWM3 Surround/Satellite, these speakers can form the foundation for a complete home theater system, with the performance that delivers real home theater thrills. The OWM5 is designed for left, center, right applications, yet easily integrates into a 2.1 2nd zone system or multi-channel surround system. The OWM3 is a dedicated Surround/Satellite that's as unobtrusive as an on-wall speaker can be. Like the OWM5, this compact loudspeaker can be used in a 2.1 2nd zone system, or as a multi-channel surround system.

## The OWM5 Is Nine Speakers In One

The OWM5's specially curved design, removable base and corner wall mount bracket make it easy to locate virtually anywhere and gives you no less than nine different mounting possibilities. The OWM5 employs a Dynamic Balance® polypropylene 4 1/2" driver, with Capacitive Coupling Bass Technology for truly impressive low frequency response given the speaker's compact size. A 1" silk dome Dynamic Balance tweeter ensures clear, lifelike highs. The OWM5 is available in either a paintable white or black finish.

### Features

- **Timeless Elegant Design** coupled with ultra simple mounting system makes it easy to locate on a wall, on a ceiling or in a corner for optimum performance, regardless of where the speaker needs to be placed. The removable base (included) offers a great looking solution and superb sound when placing the OWM5 directly on furniture on either side of a flat screen TV.
- **Capable Of Being Part Of A 2.1 Second Zone System,** or as a 5.1, 6.1 or 7.1 channel surround system.
- **2 - 4 1/2" Dynamic Balance Composite Cone Drivers** are lightweight yet stiff, with good damping for high efficiency, excellent mid-bass and low distortion.
- **1" Fabric Dome Tweeter** delivers clear and detailed highs.
- **Capacitive Coupling Bass Technology** for low frequency response that's truly surprising given the speaker's ultra compact size.
- **Super Dense Glass-Filled ABS** creates an acoustically inert cabinet, ensuring an extremely clean and low coloration midrange response.
- **5-Way Gold-Plated Binding Posts** for the most secure hook-up options.
- **Choice Of Either White Or Black Finish** ensures the OWM3 blends easily with any decor. The white finish is also paintable.

OWM3 OWM5

## OWM3—Seven Ways To Enjoy Great Sound From A Surround Speaker

The OWM3's unique shape and removable base make it easy to mount in a corner or simply place on a table. In fact, with the OWM3 you have seven different mounting possibilities, including angled wall mounting and a standard articulating wall mount bracket (an optional accessory), which gives you even more aiming options. The OWM3 incorporates a 4 1/2" driver, which employs Capacitive Coupling Bass Technology for low frequency response that's truly surprising given the speaker's ultra compact size. A choice of either white or black finish makes the speaker blend in easily to any decor. It's simple. It's easy. It's pure Polk Audio.
